Mr Raleigh Mackey  
1831 E. 53rd St.  
Los. Angeles Cal.

Dear Mackey:

I just returned from out of town, and found your letter. Don't be annoyed because the form you asked me for is not enclosed. Employers do not send them to employees until some time during January, as they include all money withheld from salaries until the end of the year. You have until March 15th to send them to The Collector of Internal Revenue. I will get them out some time next week.

Abe is now in Florida looking for a training site. He wants to go to Florida to train this year if possible. It is the best place.

Well I know you want to hear who is home from the army. The two I have not heard from that we both want to hear from are Day and Doby. Some one told me Dobys mother had heard from him, and he was on his way home. All of the following are out, Isreal, Ruffin Manning, and I had a letter from Parks yesterday telling me he was on his way here.

Pearson is playing basketball, says his arm feels alright, but I don't know. I am sure Day will be comming in soon. I certainly hope so.

I hope when I write you next week to send your form, I will have more news. I am sure Abe will be back by then.

I hope you are both well. Remember me to your wife.

Very Truly Yours
